

PROJECT FINANCING

QUESTIONS AND ANSWERS

Comment - Bede King (Chairman):

Thank you John. I am sure you will all agree that we have been very fortunate to have Alan Millhouse, Tony Browne and John Williamson deliver their paper and their comments this afternoon. I am sure you will all also agree that they have given considerable time and thought in the preparation of the papers and their comments. Hence I would like you to join with me in thanking them in the usual way.

Finally it leaves me with the task of closing this conference. Unfortunately the Chairman, Professor Baxt, has to leave early in order to meet the travel commitments the airlines were providing as did a lot of other delegates as well. He has asked me to close the conference on his behalf, to thank you all for attending, he hopes that you have enjoyed it and gained something from it. I would also like to thank on your behalf, Fay and John Stewart for their again sterling effort in maintaining this conference and having it run as smoothly and as successfully as it has been. Thank you for attending and we wish you a safe and happy trip home.
